LIST OF CHANGES IN MUNICIPAL BOUNDARIES  
BETWEEN NOVEMBER 1965 AND OCTOBER 1966

LISTE DES MODIFICATIONS DES BORNES MUNICIPALES  
DE NOVEMBRE 1965 À OCTOBRE 1966

In order to facilitate the interpretation of this list, it has been divided into two parts. The first part is a list of the municipalities that have been incorporated, amalgamated, disorganized, annexed, or whose name or status has been changed between November 1965 and October 1966. These municipalities are presented by name, county or census division, effective date of change, former status or name, and by municipality altered. The second part is a list of the municipalities whose boundaries have been extended by annexation between November 1965 and October 1966. These municipalities are presented by name, county or census division, the municipality from which the area has been annexed, as well as the effective date of annexation.

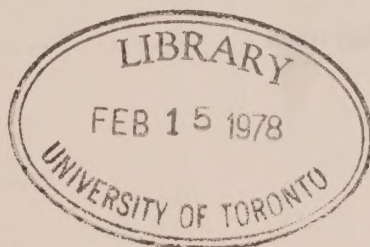

The sources of information used are the provincial official gazettes and statutes, the orders of the Ontario Municipal Board and special provincial Acts.

This list does not include changes which might have been effected towards the end of this period and presently unknown to us. These will be shown in our next issue.

Afin de rendre plus facile l'interprétation de cette liste, nous l'avons divisée en deux parties. La première partie est une liste des municipalités qui ont été constituées, fusionnées, désorganisées, annexées, ou dont le nom ou la désignation a été changé, de novembre 1965 à octobre 1966. Ces municipalités sont indiquées par leur nom, le comté ou la division de recensement, la date de mise en vigueur du changement, la désignation ou le nom antérieur, et la municipalité modifiée. La seconde partie est une liste des municipalités dont les limites ont été agrandies par voie d'annexion, de novembre 1965 à octobre 1966. Elles sont indiquées par leur nom, le comté ou la division de recensement, la municipalité d'où provient la partie annexée, ainsi que la date de mise en vigueur de l'annexion.

Les sources d'informations sont les gazettes officielles et statuts provinciaux, les ordres émis par l'"Ontario Municipal Board", et des lois spéciales provinciales.

Cette liste ne contient pas les changements qui ont pu être effectués vers la fin de cette période et que nous ne connaissons pas encore. Ceux-ci paraîtront dans notre prochaine publication.

# ABBREVIATIONS

C. ....	City
T. ....	Town
Vl. ....	Village

DIVISION DU RECENSEMENT  
SECTION DE LA GÉOGRAPHIE

LIST OF CHANGES IN MUNICIPAL BOUNDARIES  
BETWEEN NOVEMBER 1966 AND OCTOBER 1967

LISTE DES MODIFICATIONS DES BORNES MUNICIPALES  
DE NOVEMBRE 1966 À OCTOBRE 1967

In order to facilitate the interpretation of this list, it has been divided into two parts. The first part is a list of the municipalities that have been incorporated, amalgamated, disorganized, annexed, or whose name or status has been changed between November 1966 and October 1967. These municipalities are presented by name, county or census division, effective date of change, former status or name, and by municipality altered. The second part is a list of the municipalities whose boundaries have been extended by annexation between November 1966 and October 1967. These municipalities are presented by name, county or census division, the municipality from which the area has been annexed, as well as the effective date of annexation.

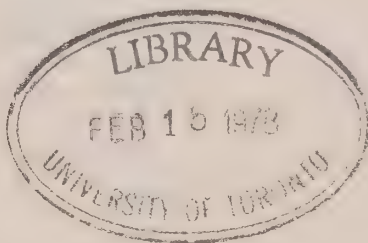

The sources of information used are the provincial official gazettes and statutes, the orders of the Ontario Municipal Board and special provincial Acts.

This list does not include changes which might have been effected towards the end of this period and presently unknown to us. These will be shown in our next issue.

Afin de rendre plus facile l'interprétation de cette liste, nous l'avons divisée en deux parties. La première partie est une liste des municipalités qui ont été constituées, fusionnées, désorganisées, annexées, ou dont le nom ou la désignation a été changé, de novembre 1966 à octobre 1967. Ces municipalités sont indiquées par leur nom, le comté ou la division de recensement, la date de mise en vigueur du changement, la désignation ou le nom antérieur, et la municipalité modifiée. La seconde partie est une liste des municipalités dont les limites ont été agrandies par voie d'annexion, de novembre 1966 à octobre 1967. Elles sont indiquées par leur nom, le comté ou la division de recensement, la municipalité d'où provient la partie annexée, ainsi que la date de mise en vigueur de l'annexion.

Les sources d'informations sont les gazettes officielles et statuts provinciaux, les ordres émis par l'"Ontario Municipal Board", et des lois spéciales provinciales.

Cette liste ne contient pas les changements qui ont pu être effectués vers la fin de cette période et que nous ne connaissons pas encore. Ceux-ci paraîtront dans notre prochaine publication.

# CHANGES IN MUNICIPAL BOUNDARIES

---

## MODIFICATION DES LIMITES DE MUNICIPALITÉ

ANNUAL REPORT — RAPPORT ANNUEL

DOMINION BUREAU OF STATISTICS

---

BUREAU FÉDÉRAL DE LA STATISTIQUE

## INTRODUCTION

This report presents a summary of municipal changes that took place between November 1967 and October 1968. However, the report covers only those changes received by the Bureau and not necessarily all the ones effective during this period. The main purpose of this publication is to keep users informed on the changes of municipal status and boundaries as well as the population and land areas affected.

To facilitate the comprehension of these various municipal changes, the report has been divided into four discrete tables:

1. Municipalities newly created
2. Dissolved municipalities (disorganized, amalgamated or annexed)
3. Amalgamations or annexations of municipalities
4. Change of name and status of municipalities.

The sources of municipal information for this bulletin are the provincial official gazettes and statutes, the orders of the Ontario Municipal Board and special provincial acts. The population figure is an estimate based on the previous census. The area measurements are obtained by planimeter readings performed on census base maps, and the concept is that of land area.

### SYMBOLS

- = nil or zero.  
.. = not available.

Le présent rapport donne un résumé des modifications municipales effectuées entre novembre 1967 et octobre 1968. Il ne comprend, toutefois, que les changements rapportés au Bureau, et non tous les changements effectués durant cette période. Le but principal de cette publication est de tenir les utilisateurs au courant des changements apportés au statut et aux bornes municipales, de même qu'à la population et aux superficies en terre concernées.

Pour faciliter la compréhension de ces divers changements, le rapport a été réparti en quatre tableaux distincts:

1. Municipalités nouvellement constituées
2. Municipalités abolies (désorganisées, fusionnées ou annexées)
3. Annexion ou fusionnement des municipalités
4. Changement de nom et de statut des municipalités.

Les sources d'information de ce bulletin sont les gazettes officielles et statuts provinciaux, les ordres émis par l'"Ontario Municipal Board" et des lois spéciales provinciales. Le chiffre de la population est une estimation basée sur le recensement précédent. Les mesures des superficies sont établies sur les cartes de base du recensement au moyen du planimètre. Le principe repose sur celui de la superficie en terre.

### ABRÉVIATIONS

C.	.....	Cité
V.	.....	Ville
Vl.	.....	Village
M.c.	.....	Municipalité de canton
M.p.	.....	Municipalité de paroisse
M.	.....	Municipalité sans désignation

### SIGNES CONVENTIONNELS

- = néant ou zéro.  
.. = non disponible.

TABLE 1. Municipalities newly created, by province, November 1967 - October 1968

TABEAU 1. Municipalités nouvellement constituées, par province, novembre 1967 - octobre 1968

# CHANGES IN MUNICIPAL BOUNDARIES

---

## MODIFICATION DES LIMITES DE MUNICIPALITÉ

ANNUAL REPORT — RAPPORT ANNUEL

DOMINION BUREAU OF STATISTICS

---

BUREAU FÉDÉRAL DE LA STATISTIQUE

## INTRODUCTION

This report presents a summary of municipal changes that took place between November 1968 and October 1969. However, the report covers only those changes received by the Bureau and not necessarily all the ones effective during this period. The main purpose of this publication is to keep users informed on the changes of municipal status and boundaries as well as the population and land areas affected.

To facilitate the comprehension of these various municipal changes, the report has been divided into four discrete tables with appendix:

1. Municipalities newly created
  2. Dissolved municipalities (disorganized, amalgamated or annexed)
  3. Amalgamations and annexations of municipalities
  4. Change of name and status of municipalities
- Appendix A.

The sources of municipal information for this bulletin are the provincial official gazettes and statutes, the orders of the Ontario Municipal Board and special provincial acts. The population figure is an estimate based on the previous census. The area measurements are obtained by planimeter readings performed on census base maps, and the concept is that of land area.

Le présent rapport donne un résumé des modifications municipales effectuées entre novembre 1968 et octobre 1969. Il ne comprend, toutefois, que les changements rapportés au Bureau, et non tous les changements effectués durant cette période. Le but principal de cette publication est de tenir les utilisateurs au courant des changements apportés au statut et aux bornes municipales, de même qu'à la population et aux superficies en terre concernées.

Pour faciliter la compréhension de ces divers changements, le rapport a été réparti en quatre tableaux distincts avec appendice:

1. Municipalités nouvellement constituées
  2. Municipalités abolies (désorganisées, fusionnées ou annexées)
  3. Fusionnement et annexion de municipalités
  4. Changement de nom et de statut de municipalités
- Appendice A.

Les sources d'information de ce bulletin sont les gazettes officielles et statuts provinciaux, les ordres émis par l'"Ontario Municipal Board" et des lois spéciales provinciales. Le chiffre de la population est une estimation basée sur le recensement précédent. Les mesures des superficies sont établies sur les cartes de base du recensement au moyen du planimètre. Le principe repose sur celui de la superficie en terre.

## ABBREVIATIONS

C.	.....	City
T.	.....	Town
Vl.	.....	Village

APPENDIX A

Newfoundland

The census division and subdivision boundaries of this province have been revised. As these changes will not be used before the 1971 Census, and as they are too complex to be described in the present bulletin, we provide at cost on request, a map showing these revised boundaries. It can be obtained from the Geography Section, Census Division, Dominion Bureau of Statistics, Ottawa.

New Brunswick

L.S.D.'s (Local Service Districts) are not mentioned in this bulletin. After studying the rules governing the establishments of these L.S.D.'s, we found out that they were about equivalent to Police Villages in Ontario which are not shown in Census Publications.

Quebec

In previous reports we have shown M.C., M.P. and M. to designate different kinds of rural municipalities. Since these designations are not shown in any other Census Publications, we decided to eliminate the use of these designations in this bulletin.

Ontario

Ontario is creating a new type of municipal organization called "Regional Municipality". It is a grouping of counties and/or parts of counties. Some do not affect local municipalities (Ottawa - Carleton), some do (Niagara). There are now two Regional Municipalities, Ottawa - Carleton (1/1/69) comprising Cumberland Township in Russell County and all of Carleton County, and Niagara (1/1/70) comprising all of the counties of Lincoln and Welland.

APPENDICE A

Terre-Neuve

Les limites des divisions et des subdivisions de recensement de cette province ont été modifiées. Comme ces modifications n'entreront pas en vigueur avant le recensement de 1971 et qu'elles sont trop complexes pour être décrites ici, nous fournissons, sur demande et au prix coûtant, une carte indiquant ces modifications de limites. On peut obtenir cette carte en s'adressant à la Section de la géographie, Division du recensement, Bureau fédéral de la statistique, Ottawa.

Nouveau-Brunswick

Les D.S.L. (districts de service d'intérêt local) ne sont pas mentionnés dans ce bulletin. Après avoir étudié les règles d'après lesquelles sont établis ces D.S.L., nous nous sommes rendu compte qu'ils étaient à peu près l'équivalent des "police-villages" de l'Ontario, que les publications du recensement ne mentionnent pas.

Québec

Dans les précédents bulletins nous avons utilisé les sigles M.c., M.p. et M. pour désigner différentes municipalités rurales. Comme ces désignations n'apparaissent dans aucune publication du recensement, nous avons décidé de ne plus les utiliser.

Ontario

L'Ontario met sur pied un nouveau genre d'organisation municipale appelée "municipalité régionale". Il s'agit de groupements de comtés ou de parties de comtés. Certains de ces groupements ne modifient pas les limites des municipalités (Ottawa - Carleton), contrairement à ce qui se passe dans d'autres cas (Niagara). Il y a maintenant deux municipalités régionales: Ottawa - Carleton (1/1/69), formée du canton de Cumberland dans le comté de Russell et tout le comté de Carleton, et Niagara (1/1/70), formée de la totalité des comtés de Lincoln et de Welland.

APPENDIX A - Concluded

Alberta

Alberta has reorganized all its Improvement Districts. These changes were based on two different criteria. A large portion of them only changed their numbers of identification and the remainder changed their boundaries and numbers. Due to those changes, census division boundaries have been affected. Part of old I.D. No. 58 (Division No. 9) added to Division No. 8. Part of old I.D. No. 77 (Division No. 11) added to Division No. 9. That part of old I.D. No. 78 (in Division No. 9) added to new I.D. No. 14 in Division No. 14.

British Columbia

British Columbia has created a new regional organization called "Regional District". These Regional Districts can be compared, for census purposes, to eastern counties or census counties or divisions. They comprise local municipalities (cities, towns, villages, local districts, district municipalities and townships) and Electoral Areas. In 1971 the Census will consider the local municipalities, the Regional Districts and will use Electoral Areas to build blocks to form the census subdivisions.

Maps showing the Regional Districts are available from Geography Section, Census Division, Dominion Bureau of Statistics, Ottawa.

APPENDICE A - fin

Alberta

L'Alberta a réorganisé tous ses "districts d'amélioration" de deux façons. D'une part, on a attribué un nouveau numéro d'identification à bon nombre d'entre eux; pour les autres on a procédé à des changements de limites et de numéros. A cause de ces changements, certaines limites de divisions de recensement ont été modifiées. Une partie de l'ancien D.A. n° 58 (division n° 9) a été ajoutée à la division n° 8. Une partie de l'ancien D.A. n° 77 (division n° 11) a été ajoutée à la division n° 9. Une partie de l'ancien D.A. n° 78 (de la division n° 9) a été ajoutée au nouveau district n° 14, de la division n° 14.

Colombie-Britannique

La Colombie-Britannique a créé une nouvelle organisation régionale appelée "district régional". Ces districts régionaux peuvent être comparés, aux fins du recensement, aux comtés de l'est du pays, ou aux divisions et comtés de recensement. Ils sont formés de municipalités (villes, villages, districts locaux, municipalités de district et townships) et de secteurs électoraux. Le recensement de 1971 tiendra compte des municipalités et des districts régionaux et utilisera les secteurs électoraux pour constituer les subdivisions de recensement.

On peut obtenir des cartes des districts régionaux en s'adressant à la Section de la géographie, Division du recensement, Bureau fédéral de la statistique, Ottawa.

# CHANGES IN MUNICIPAL BOUNDARIES

---

## MODIFICATION DES LIMITES DE MUNICIPALITÉ

ANNUAL REPORT — RAPPORT ANNUEL

DOMINION BUREAU OF STATISTICS

---

BUREAU FÉDÉRAL DE LA STATISTIQUE

## INTRODUCTION

This report presents a summary of municipal changes that took place between November 1969 and October 1970. However, the report covers only those changes received by the Bureau and not necessarily all the ones effective during this period. The main purpose of this publication is to keep users informed on the changes of municipal status and boundaries as well as the population and land areas affected.

To facilitate the comprehension of these various municipal changes, the report has been divided into four discrete tables with appendix:

1. Municipalities newly created
2. Dissolved municipalities (disorganized, amalgamated or annexed)
3. Amalgamations and annexations of municipalities
4. Change of name and status of municipalities

The sources of municipal information for this bulletin are the provincial official gazettes and statutes, the orders of the Ontario Municipal Board and special provincial acts. The population figure is an estimate based on the previous census. The area measurements are obtained by planimeter readings performed on census base maps, and the concept is that of land area.

### ABBREVIATIONS

M.	.....	Municipality
C.	.....	City
T.	.....	Town
Vl.	.....	Village
S.V.	.....	Summer Village
L.I.D.	.....	Local Improvement District
L.G.C.	.....	Local Government Community
Twp.	.....	Township
Co.	.....	County
D.M.	.....	District Municipality
M.D.	.....	Municipal District
I.D.	.....	Improvement District
R.M.	.....	Rural Municipality
E.	.....	East
N.	.....	North
W.	.....	West
R.D.	.....	Rural District
Unorg.	.....	Unorganized
R.M.	.....	Regional Municipality (Ontario)

### SYMBOLS

-- = zero.  
.. = not available.

Le présent rapport donne un résumé des modifications municipales effectuées entre novembre 1969 et octobre 1970. Il ne comprend, toutefois, que les changements rapportés au Bureau, et non tous les changements effectués durant cette période. Le but principal de cette publication est de tenir les utilisateurs au courant des changements apportés au statut et aux bornes municipales, de même qu'à la population et aux superficies en terre concernées.

Pour faciliter la compréhension de ces divers changements, le rapport a été réparti en quatre tableaux distincts avec appendice:

1. Municipalités nouvellement constituées
2. Municipalités abolies (désorganisées, fusionnées ou annexées)
3. Fusionnement et annexion de municipalités
4. Changement de nom et de statut de municipalités

Les sources d'information de ce bulletin sont les gazettes officielles et statuts provinciaux, les ordres émis par l'"Ontario Municipal Board" et des lois spéciales provinciales. Le chiffre de la population est une estimation basée sur le recensement précédent. Les mesures des superficies sont établies sur les cartes de base du recensement au moyen du planimètre. Le principe repose sur celui de la superficie en terre.

### ABRÉVIATIONS

C.	.....	Cité
V.	.....	Ville
Vl.	.....	Village
M.	.....	Municipalité rurale
O.	.....	Ouest

### SIGNES CONVENTIONNELS

CHANGES IN MUNICIPAL BOUNDARIES  

---

MODIFICATION DES LIMITES DE MUNICIPALITÉ

ANNUAL REPORT — RAPPORT ANNUEL

STATISTICS CANADA

---

STATISTIQUE CANADA

## INTRODUCTION

This report presents a summary of municipal changes that took place between November 1970 and October 1971. However, the report covers only those changes received by the bureau and not necessarily all the ones effective during this period. The main purpose of this publication is to keep users informed on the changes of municipal status and boundaries as well as the population and land areas affected.

To facilitate the comprehension of these various municipal changes, the report has been divided into four discrete tables with appendix:

1. Municipalities newly created
2. Dissolved municipalities (disorganized, amalgamated or annexed)
3. Amalgamations and annexations of municipalities
4. Change of name and status of municipalities

Appendix A.

The sources of municipal information for this bulletin are the provincial official gazettes and statutes, the orders of the Ontario Municipal Board and special provincial acts. The population figure is an estimate based on the previous census. The area measurements are obtained by planimeter readings performed on census base maps, and the concept is that of land area.

### ABBREVIATIONS

M.	.....	Municipality
C.	.....	City
T.	.....	Town
Vl.	.....	Village
S.V.	.....	Summer Village
L.I.D.	.....	Local Improvement District
L.G.C.	.....	Local Government Community
Twp.	.....	Township
Co.	.....	County
D.M.	.....	District Municipality
M.D.	.....	Municipal District
I.D.	.....	Improvement District
R.M.	.....	Rural Municipality
E.	.....	East
N.	.....	North
W.	.....	West
R.D.	.....	Rural District
Unorg.	.....	Unorganized
R.M.	.....	Regional Municipality (Ontario)

### SYMBOLS

- zero.  
.. not available.

Le présent rapport donne un résumé des modifications municipales effectuées entre novembre 1970 et octobre 1971. Il ne comprend, toutefois, que les changements rapportés au bureau, et non tous les changements effectués durant cette période. Le but principal de cette publication est de tenir les utilisateurs au courant des changements apportés au statut et aux bornes municipales, de même qu'à la population et aux superficies en terre concernées.

Pour faciliter la compréhension de ces divers changements, le rapport a été réparti en quatre tableaux distincts avec appendice:

1. Municipalités nouvellement constituées
2. Municipalités abolies (désorganisées, fusionnées ou annexées)
3. Fusionnement et annexion de municipalités
4. Changement de nom et de statut de municipalités

Appendice A.

Les sources d'information de ce bulletin sont les gazettes officielles et statuts provinciaux, les ordres émis par l'"Ontario Municipal Board" et des lois spéciales provinciales. Le chiffre de la population est une estimation basée sur le recensement précédent. Les mesures des superficies sont établies sur les cartes de base du recensement au moyen du planimètre. Le principe repose sur celui de la superficie en terre.

### ABRÉVIATIONS

C.	.....	Cité
V.	.....	Ville
Vl.	.....	Village
M.	.....	Municipalité rurale
O.	.....	Ouest

### SIGNES CONVENTIONNELS

## MODIFICATION DES LIMITES DE MUNICIPALITÉ

ANNUAL REPORT — RAPPORT ANNUEL

JANUARY - 1973 - JANVIER

---

NUMBER - 10 - NOMBRE

## INTRODUCTION

This report presents a summary of municipal changes that took place between November 1971 and October 1972. However, the report covers only those changes received by the bureau and not necessarily all the ones effective during this period. The main purpose of this publication is to keep users informed on the changes of municipal status and boundaries as well as the population and land areas affected.

To facilitate the comprehension of these various municipal changes, the report has been divided into four discrete tables with appendix:

1. Municipalities newly created
  2. Dissolved municipalities (disorganized, amalgamated or annexed)
  3. Amalgamations and annexations of municipalities
  4. Change of name and status of municipalities
- Appendix A.

The sources of municipal information for this bulletin are the provincial official gazettes and statutes, the orders of the Ontario Municipal Board and special provincial acts. The population figure is an estimate based on the previous census. The area measurements are obtained by planimeter readings performed on census base maps, and the concept is that of land area.

### ABBREVIATIONS

mun. ....	municipality
c. ....	city
t. ....	town
vl. ....	village
S.V. ....	Summer Village
L.I.D. ....	Local Improvement District
L.G.C. ....	Local Government Community
Twp. ....	Township
Co. ....	County
D.M. ....	District Municipality
M.D. ....	Municipal District
I.D. ....	Improvement District
R.M. ....	Rural Municipality
E. ....	East
N. ....	North
W. ....	West
R.D. ....	Rural District
Unorg. ....	Unorganized
R.M. ....	Regional Municipality (Ontario)

### SYMBOLS

- zero.  
.. not available.

Le présent rapport donne un résumé des modifications municipales effectuées entre novembre 1971 et octobre 1972. Il ne comprend, toutefois, que les changements rapportés au bureau, et non tous les changements effectués durant cette période. Le but principal de cette publication est de tenir les utilisateurs au courant des changements apportés au statut et aux bornes municipales, de même qu'à la population et aux superficies en terre concernées.

Pour faciliter la compréhension de ces divers changements, le rapport a été réparti en quatre tableaux distincts avec appendice:

1. Municipalités nouvellement constituées
  2. Municipalités abolies (désorganisées, fusionnées ou annexées)
  3. Fusionnement et annexion de municipalités
  4. Changement de nom et de statut de municipalités
- Appendice A.

Les sources d'information de ce bulletin sont les gazettes officielles et statuts provinciaux, les ordres émis par l'"Ontario Municipal Board" et des lois spéciales provinciales. Le chiffre de la population est une estimation basée sur le recensement précédent. Les mesures des superficies sont établies sur les cartes de base du recensement au moyen du planimètre. Le principe repose sur celui de la superficie en terre.

### ABRÉVIATIONS

c. ....	cit�
v. ....	ville
vl. ....	village
m. ....	municipalit� rurale
O. ....	Ouest

### SIGNES CONVENTIONNELS
